Reorganization Bill Arouses Senate Battle

Strong Opposition Is Devel-
oping To Move To Give
Wide Power To
President

HEAR RUMBLINGS
OF NEW FILIBUSTER

Claim Proposed Measure
Would Give War Dicta-
torial Powers To
President

WASHINGTON, Feb. 28.—Strong
opposition developed in the senate
today over the administration's bill
to give the president broad power
to reorganize the executive branch
of the government.

There were rumblings of a fil-
ibuster unless substantial conces-
sions are won by a coalition of Re-
publicans and old-line Democrats—
a lineup similar to that which pre-
vailed in the spectacular fight over
the supreme court enlargement bill
last year.

Give Dictatorial Power
Opposition to the reorganization
measure was based on claims it
would give the president dictatorial
authority to abolish, consolidate and
coordinate federal agencies created
by separate laws of congress over
many years.

Supporters of the bill insisted this
authority is necessary to systematize
the top-heavy government.

Among the veteran senate war-
riors fighting major features of the
bill are Democratic Senators Evid
Va. Wheeler, Moore, Clark, Mc-
Walt, Mass.; Burke, Neb.; Bailey,
N. C.; and Republican Senators
Borah, Idaho; McNary, Ore.; Van-
derbilt, N. C.

PA NEW C OBSERVES

A passing thought: Spring is only
21 days away—Monday, March 21.

As Wednesday, this week, will be
fittingly observed in a number of
New Castle churches.

Regardless of whether March
comes in like a lion or lamb, Febru-
ary certainly is going out in a
most un-lamb-like manner. Sunday's
alternate rain and snow was follow-
ed by one of the coldest blasts of the
winter which was keenly felt.

Today's low temperature appar-
ently was too much for a rumpuck
which was caught by C. H. Rippey in
Levine's junk yard in Center street.
He saw the bird on an iron beam,
approached and he seized it when
the rumpuck failed to fly away. It
had a band on one of its legs, Rippey
took the fowl to the police station.
It will be given into the custody of
Game Protector Frank Coen. It is
possible it was one of the rump-
ucks liberated from the Jordan
game farm.

Yesterday afternoon about 3
o'clock, while a truck was proceed-
ing up the East Washington street
hill, it ran out of gas. The driver
backed down, intending to go into
Pearson street, but backed into a
telephone pole on the southwest
corner, badly cracking the pole near
the base, causing it to lean over
dangerously. Some person reported
to the police and the telephone com-
pany. Telephone employees have
made the pole temporarily safe, with
ropes from it fastened to poles at
various angles nearby.

There will be quite a number of
New Castle and Lawrence county
residents who will have no official
birthday this year. They are the
persons who were born on February
29, Leap Year. There is no Febru-
ary 29 this year.

Charge Jap Warships Attack British Plane

(International News Service)

SHANGHAI, Feb. 28.—Japanese
warships attacked a British Imperial
Airways flying boat south of the
Crown Colony of Hong Kong Fri-
day, passengers aboard the plane re-
vealed today.

The airplane was not hit, but
machinegun bullets and anti-air-
craft shells whizzed by uncomfort-
ably close as the ship passed over
a group of Japanese vessels.

The aircraft was flying from
Bangkok, Siam, to Hong Kong on
the regular weekly Imperial Air-
ways run with passengers and mail
when the assault occurred, it was
stated.

The incident, still another in the
long list which have caused tension
and tempers to boil in London and
Tokyo, took place despite the fact

the plane was clearly marked with
British flags, the passengers said.
It was believed British officials
would lodge a stiff protest with Jap-
anese authorities.

According to the passengers, the
British plane was following its regu-
lar route to Hong Kong when it
passed over a group of Japanese
warships, believed to have been de-
stroyers.

As the plane soared overhead,
they said, machine gun bullets and
anti-aircraft shells fired by the
ships below whizzed past—but
failed to hit—the plane.

At the same time, Japanese offi-
cials had another serious argument
on their hands after German Con-
sul General Fischer lodged a strong
protest against the stabbing in
Shanghai of a prominent German
surgeon by a Japanese soldier.

MOSCOW, Feb. 28.—Soviet Rus-
sia soon will be treated to the spec-
tacle of another of its famous mass
"show trials"—this time with 21 for-
mer Bolshevik chiefs fighting for
their lives against charges of trea-
son.

Officials moved forward swiftly
with preparations for the trial, in
which the erstwhile high govern-
ment officials and Communist
party leaders will be brought be-
fore the U. S. S. R.'s bar of justice
March 2.

They will be tried before the mili-
tary collegium of the supreme court,
and the prosecution is believed al-
most certain to demand their lives.

Spy Ring Chief Is Being Sought

Five Aids Believed To Be

Plot Also Hunted

WAR TIME SECRECY
SURROUNDS CASE

(International News Service)

NEW YORK, Feb. 28.—Moving in
an atmosphere of secrecy reminis-
cent of World War days, Federal
agents swept through eastern cities
on the trail of a spy ring chief and
five aides believed to be involved
in an espionage plot in which two
men and a woman have thus far
been named.

Special guards were thrown
around army and navy air and land
bases from Baltimore to Boston—
virtually on a war-time basis.

Censorship In Case
The lid of censorship was strictly
drawn following the brief announce-
ment of the arrest of the original
 trio of suspects but sifting through
that censorship came reliable re-
ports that:

1—An attractive woman, expect-
ant mother and wife of one of the
men now under arrest here, has sud-
denly disappeared, causing her
mother to institute a nationwide
search for her.

2—A prominent doctor, spurred
by an anti-Jewish phobia into par-
ticipating in the plot to sell secrets
of the navy and air corps, is in cus-
tody and has been subjected to rig-
orous grilling. His name was not
learned.

CHICAGO, Feb. 28.—Automobile
fatalities in the United States in
January were 30 per cent under De-
cember, the National Safety Coun-
cil reported. There were also 17 per
cent fewer deaths than in January
1937.

The figure of 2,710 represents the

substantial reduction, the council
stated. Maryland showed the great-
est drop with 46 per cent.

Mitwaukee had the lowest death
rate in the big city group, while
Scranton, N. Y. came through the

TO MAKE ADDRESS

"That greatest of all partnerships
—Dad & Son, Inc.—will hold an-
other of its grand community
union dinners in the spacious Cath-
edral dining room tonight at 6:30.
And those in charge say it will be
6:30.

Weeks in the planning, the city's
father and son festival under the
sponsorship of The Townsman,
prominent young men's civic group,
promises to outdo dad-son affairs
of past years in many ways.

After the dinner the fathers and
sons will hear Dr. Ralph Cooper
Hutchison, popular president of
Washington and Jefferson college,
as the principal speaker. What his
topic will be is not known, but it
will be worthwhile alright!

The toastmaster will be John R.
Hodge, banquet chief of The Towns-
man. Zeno Pfau, business leader
and active civic worker, will give
the fathers' toast to the sons and
responding on behalf of the sons
will be his own son, Gordon Pfau.

The community banquet goes on
tonight with one of the principal
father-son leaders absent. He is
Dr. G. S. Bennett, pastor of the
First Christian church, who left this
morning for a three-week vacation
in Orlando, Fla. Dr. Bennett is
honorary chairman of tonight's
banquet, and left only because he
had made definite travel plans
some time earlier. The dinner had
been planned for an earlier date,
and he had intended to be on hand
for it.

Look For Benswanger
William E. Benswanger, president
of the Pittsburgh Pirates baseball
club, will "in all probability" be here
for tonight's father-son dinner. It
was announced this afternoon. Ben-
swanger has been invited as an
honorary guest.

Policy Makers For Republicans Begin Sessions

Dr. Glenn Frank Says, "Na-
tion's Economic Ma-
chine" Has Been
Stalled

FEDERAL AUTHORITY
IS GIVEN BLAME

G. O. P. Committee Not
"Brain Trust" Or Group
Of "Yes-Men," He
Declares

(International News Service)

CHICAGO, Feb. 28.—Dr. Glenn
Frank, chairman, opened the
first meeting of the Republican
party's national policy-making
committee today with the asser-
tion that five years of "federal
authority over enterprises" has
stalled the nation's economic
machine.

Calling the committee to assist in
remedying the ills from which the
country suffers, Dr. Frank in his
keynote speech said:

"About the same number of mil-
lions of workless men and women
haunt the councils of state as have
haunted them five years ago.

"We have seen a paralyzing un-
certainty slow down the nation's en-
terprise just when, by every count,
it was geared to speed up.

"In theory, the national leadership
has been planning. In practice, it
has been playing by ear, with in-
creasing signs of not knowing with
assurance what the tune would be.

Outlines Task.
He outlined the task confronting
the Republican policy makers suc-
cinctly:

"We are not a brain trust. We
are neither a group of yes-men to
the national committee nor a body
of cloistered experts whose ideas
have never been chastened by the
discipline of practical experience.

"We are not here to prosecute a
campaign of petty and vindictive
fault-finding. But, if, as becomes

Labor Relations Law Is Upheld

Dauphin County Court
Holds "Little Wagner"
Act In State Is Valid

BOARD REVERSED
BY DECREE, HOWEVER

(BULLETIN)

HARRISBURG, Feb. 28.—Pen-
nsylvania's labor relations
law—the "Little Wagner" act—
was ruled constitutionally
sound today by the Dauphin
county court.

But the same breath the court
held that the labor relations board
created by the act had not acted
with sufficient impartiality in the
case at hand, brought by Samuel
Spungin, proprietor of the Spungin
abbatoir, Harrisburg.

Board Reversed
The court overruled all constitu-
tional objections to the act raised
by Gilbert Nurick, Harrisburg at-
torney, who is counsel for Spungin.
It reversed the board, however,
which had ordered the abbatoir to
reinstated three employees who had
been dismissed and then appealed
to the relations body, claiming their
union activities were behind these
firings.

Nurick's argument against the
act had contended, as in the case
of the 44-hour week law, that the
act constituted an unlawful dele-
gation of authority by the legisla-
ture, gave the board confiscatory
powers, and violated the due pro-
cess clause of the Constitution.

The act was defended by Harry
H. Hepburn, counsel for the labor
relations board, who declared the
legislature had exercised a "lawful
use of the state police powers."

Gen. Pershing Clings To Life

World War Hero Amazes
Physicians With His
Fight On Disease

BELIEVE END IS
NEAR, HOWEVER

(International News Service)

TUCSON, Ariz., Feb. 28.—The
shadow of death edged a little closer
to General John J. Pershing today
as the valiant old warrior, stricken
by a heart attack, continued his grim
fight to live.

After the medical staff at the bed-
side of the 77-year-old leader of
America's victorious World War
armies found a ray of hope in a
slight improvement in his condition
yesterday afternoon, Dr. Donald Davi-
son gloomily announced early to-
day:

"While I can point to no specific
change in General Pershing's con-
dition, the pulse, temperature, res-
piration and blood pressure remain-
ing the same, I definitely feel that
he lost ground last evening and is
not as well.

He is resting quietly now, al-
though there was a period of con-
siderable restlessness a short while
ago."

The terrific will to live of the
general of the armies of the United
States continued to amaze the
physicians in attendance.

"Any person other than General
Pershing would have been dead four
days ago," declared Dr. Davison.

Baruch Gives His Program For Recovery

By ROBERT A. MCGILL
International News Service Staff
Correspondent

WASHINGTON, Feb. 28.—Revision
of the profits taxes on business and
maximum hours and minimum wages
for labor, were proposed today by
Bernard M. Baruch, financier and
economic adviser to several presi-
dents, to help clear the way for re-
covery.

Appearing before the senate un-
employment and relief committee,
Baruch, one of the few Wall Street
Titans considered close to President
Roosevelt, held that the undisciplined
corporate profits and capital
gains taxes had "greatly repressed"
both industrial expansion and na-
tional income.

These taxes, he said, "are the out-
standing instances of failure to ap-
ply the law of diminishing returns
to our problems of revenue and
taxation."

Regulation of hours and wages
would eliminate "harmful" compe-
tition, the financier emphasizes, de-
claring that "if employers are per-
mitted instantly to compete for
dividing business by slashing
wages and lengthening hours, more
humane employers have no alterna-
tive but to follow the same practice,
or get out of business."

Baruch surveyed the world scene,
assailing forces which would replace
democracy with Fascism, Nazism or
Communism. The United States,
he said, is the "one hope of civiliza-
tion in a troubled world."

"Stork Derby" Mothers Excited

Mrs. Mathew Kenny Mrs. Pauline Mae Clarke

Two mothers in Toronto's "stork derby" case leave court in different
moods. Mrs. Mathew Kenny, left, is seen departing as she shouts her
anger at lawyers and court officials who tried to determine whether
three stillborn children were illegitimate. "They're treating me like dogs,"
shouted Mrs. Kenny. "They can take their money." On the other hand,
Mrs. Pauline Mae Clarke, right, seems pleased over progress of the case
to determine who can share in the \$500,000 left in the will of Charles
Vance Miller to the Toronto woman or women bearing the most children
in ten years. Mrs. Clarke's attorneys contended that several of her
children, whom others tried to class as illegitimate, were not, since they
were born in wedlock although her husband was not registered as the
father.

Foreign Espionage On U. S. Vessels

Senator Says Facts Revealed

Three Suspects Are Already In Custody In New York City

OTHER ARRESTS ARE INDICATED

By ERIC FRIEDHEIM
International News Service Staff
WASHINGTON, Feb. 28.—Evidence of widespread espionage activities by foreign secret agents serving aboard American merchant vessels has been gathered by Senate investigators. Senator Copeland (D., New York), revealed today that information in the possession indicated several leading European powers had placed spies among the rank and file of American seamen.

This disclosure was made at a public department of operations, transferred their own to additional members of a secret spy ring that has been operating in important international defense sectors to a foreign government.

PLAN FOR MASS TRIALS FOR 21 SOVIET CHIEFS

(Continued From Page One)
The charges of espionage for "foreign powers" terrorism conspiracy to overthrow Dictator Josef Stalin's Soviet regime and plotting to assassinate Stalin himself.

Some also are accused of having conspired to assassinate Lenin years ago before he died and was laid to rest in his famous Moscow tomb.

Charges of murder in connection with the deaths of Maxim Gorky, famous Russian author, and two famous Soviet statesmen, were today against two defendants, Prof. P. P. Kozlov, L. V. Kozlov, Mikhaïlov and Vladimir, all noted medical men.

They were accused of organizing a poisoning plot which resulted in the deaths of Gorky, K. Mezinsky, former Soviet police chief, and M. K. Kozlov, late member of the Internal Communist Political Bureau.

The defendants also claimed that Stalin's death, which occurred last year, was connected with a foreign secret service since 1921 and with the service of still another foreign power since 1926. Trotsky, now in Mexico, was exiled in 1928.

FACTS ABOUT INCOME TAX

CHECKING DELINQUENTS
The Bureau of Internal Revenue has at its command many sources for checking up delinquent taxpayers. One of these is the "information at source" provision of the revenue act, under which persons, in whatever capacity acting, are required to report to the Commissioner of Internal Revenue all payments to another in any calendar year of \$1000 or more. If the recipient is married, and is a citizen or resident of the United States, reports need not be made of salary or other compensation for personal services unless the payments aggregate \$2,500 or more. If the marital status of the payee is unknown to the payer, the payer is considered a single person for the purpose of filing an information return of salary or other compensation for personal services.

Fixed determinable income includes wages, salaries, royalties, premiums, rent, interest, etc. A separate return of information for each employee is required of employers. The requirements are not limited to periodic payments, but a single payment must be reported. Domestic and resident foreign corporations are required to make a separate report of dividends or distributions for each individual citizen or resident of the United States, resident fiduciary or a resident partnership any member of which is a citizen or resident, who was paid \$100 or more during the calendar year 1937.

All persons or organizations acting at any time during the year 1937 as broker or other agent in stock, bond or commodity transactions (including banks which handle clearing orders for depositors or custodial accounts) are required to file returns of information on form 100 with respect to all customers, depositors or accounts for whom or which business was transacted during the year. A separate form 1100 must be prepared for each customer, depositor or account for whom or which business was transacted during the year, and must show the name and address and other information provided for in the form.

Information returns are carefully checked with individual returns of taxpayers. Thousands of delinquent returns and additional revenue amounting to millions of dollars have been secured as the result of the examination of information returns.

REORGANIZATION BILL AROUSES SENATE BATTLE

(Continued From Page One)
denberg, Mich., and Austin of Vermont. Floor manager for the proponents was Senator Byrnes (D.) of South Carolina.

Chief Target
Proposed abolition of the comptroller general's office was one of the chief targets for attack. Cloaking the comptroller general with power to prevent administrative expenditures found by him to be in violation of law, the office was created by congress as a check on the executive branch.

The administration, arguing it should have a free rein in administering the laws, proposed that in place of the comptroller general, there be created the office of auditor general, whose duties would be limited to post-audits of expenditures.

Current audits would be made under direction of the budget director, who in the future would be subject to a Senate confirmation. As a concession to the congressional purchasing holders, the administration proposes to permit the auditor general to take reports to congress annually when he finds the budget director is approving an expenditure covered by the auditor general.

AUSTRIAN TROOPS READY TO HALT ANY OUTBREAKS

(Continued From Page One)
The troops supported the forces which surrounded Graz, provincial capital of Styria, drawing a virtual steel curtain around the entire city.

Further, inside the city had been reported massive 60,000 adherents for a counter-demonstration—when so far has failed to materialize.

The show of strength was believed to be a practical demonstration that Schengeling does not yet admit his nation has been "abandoned" to Chancellor Hitler and the Nazis.

Prevented Coup
The troops pushed to Graz, scene of violent Nazi-fatherland from disorders since Hitler's Austrian "coup" following reports extremist Nazi leaders planned to seize control of the Graz city government and then move on the capital of the nation in imitation of Mussolini and his famous march on Rome 16 years ago.

It was in that virtually unopposed march that Hitler won control of Italy, and the Graz Nazis were reported to have had a similar idea.

In Vienna, Nazis were recovering from still another of their clashes with police. This was caused by the action of Schengeling in detaining the Nazis by appearing in front of the Graz government, minister without portfolio in the new cabinet, as presidential leader of Styria, Austrian Nazi stronghold.

POLICY MAKERS FOR REPUBLICANS BEGIN SESSIONS

(Continued From Page One)
The more evident many of the policies of the national administration have been radically altered in the past few months, it is critically important that the national mind be clarified regarding them.

"We need to have done for these issues now what Hamilton, Madison, and Jay did for the issues of their time in the federalist papers."

"Not as then, when every crowd, every tavern became a forum for pompous discussion and a torrent of demagogues poured from the press, there is a need for sweeping re-education of the nation in political and economic realities."

Policy Is Needed
"This is a task that can be of historic importance if we are not equal to the challenge."

"This commission must prepare a comprehensive report of policy proposals for the next session of congress, and the board must adopt it by the time August 1st of next year."

Executive committees will not be so much as to meet in the New Deal building, with March, 1938, and don't Glasgow, Liverpool, Manchester, County of Birmingham, England.

FAITH AMBULANCE SERVICE

We still have our Packard sedan ambulance. It will not go over, probably, 60 miles an hour, nor has it an electric siren or any loud sounding horns on it to annoy the patient while taking them to the hospital.

This car is a regular sedan; we do not even have our name on it, so that anyone being moved to the hospital does not feel they are riding in an ambulance, but a sedan. It is not equipped with any emergency operating rooms, as we leave that up to the hospital. Neither does it cause any excitement or commotion around the home from which the patient is being taken, but in a quiet, dignified manner and with very little excitement a patient can be moved to or from the hospital, and when riding in this car there is no reason for them to wonder if the last occupant was taken to the cemetery or the hospital, as this car is used for nothing but an invalid car.

An ambulance is like a small checking account to a bank; it is a non-paying proposition, but someone has to maintain it, and it is up to the funeral director, as this is in his line of work. We do not invest a large amount in an ambulance on this account, as a large investment in an ambulance has to be paid for by the people for whom we do funeral work, and as all our equipment is paid for, we do not want our patrons to pay these bills.

WE DO NOT LEND OR RENT OUR CHAIRS THEY ARE FOR FUNERAL WORK ONLY

HAVE YOUR UTMOST FAITH IN YOUR FUNERAL DIRECTOR?

No Wonder You Are Constipated!

What do you eat for breakfast? Coffee, toast, maybe some eggs? What do you eat for lunch and dinner? Bread, meat, potatoes? No wonder you're constipated!—due to lack of "bulk." And "bulk" doesn't mean the amount you eat. It means the kind of food that forms a soft, bulky mass in the bowels. It's this mass that helps your bowels move.

The common sense thing to do about it is to eat a natural laxative food. Kellogg's All-Bran for breakfast will give you just the "bulk" you need. And it gives you, in addition, Nature's great intestinal-tonic, vitamin B. Eat this crunchy toasted cereal every day, drink plenty of water, and life will be brighter for you! All-Bran is made by Kellogg in Battle Creek. Sold by every grocer.

"A PLANTER KNOWS TOBACCO!"

MORE EXPENSIVE TOBACCOS GO INTO CAMEL CIGARETTES ALL RIGHT. THE CAMEL PEOPLE BOUGHT THE BEST OF MY LAST CROP. THEY PAID ME THE HIGHEST PRICE. I KNOW THEY USE THE BEST QUALITY LEAF — AND THAT'S ONE REASON WHY I, AND MOST OTHER PLANTERS LIKE ME, SMOKE CAMELS

MR. T. N. WILLIAMS, well-known tobacco grower

WHEN tobaccos are auctioned off, tobacco planters see Camel buy their choice lots of tobacco year after year. "Knowing the quality of tobaccos that go into Camels, it's natural," as Mr. T. N. Williams says, "for most other planters like me to smoke Camels." If you are not enjoying Camels, try them. See what Camel's finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic—mean to smokers.

Committee Will Be Called Upon In Controversy

Will Determine Effectiveness Of Air Bombers On Battleships

(International News Service)
WASHINGTON, Feb. 28.—The senate naval affairs committee will "insist" that military experts determine whether airplanes are capable of destroying battleships, Chairman Walsh (D) of Massachusetts said today.

The experts will be called upon for full information on the controversial subject when the naval expansion bill, now before the house naval affairs committee, is taken up by the senate committee, Walsh said.

Battleships Needed.
"The naval affairs committee will insist that the question of effectiveness of air bombers on battleships be cleared up," he added. "It is time that we have definite and positive knowledge. Personally, I believe the navy will be able to make a good case for battleships. The battleship is like a fort, but we need them mostly because the other fellow has them."

Walsh's demands for clarification of the issue followed refusal of Assistant Navy Secretary Charles Edison to discuss with the house committee reports that a single bombing plane "destroyed" the battleship Utah during recent war games off the west coast.

The reports of the superiority of the airplane over the battleship intensified the drive for an air force second to none by a large senate bill headed by Senator Reynolds (D) of North Carolina.

Mr. Hayes is in the U. S. marine service and has just returned from China. On his way home he called at Honolulu and visited with Mr. and Mrs. Lyons, son of the late Mr. Lyons, who is in the U. S. army service there.

Mrs. Rose Weber, Euclid avenue, and Mr. and Mrs. Walter Bender, Hillcrest avenue, returned home on Saturday from a two weeks trip in Florida, visiting Miami and Tampa, where they met Mrs. Maude L. Leann, McClelland avenue. Mrs. Leann, who has been in Tampa for some time, returned home with Mrs. Weber and Mr. and Mrs. Bender.

Mrs. J. E. Nielsen of Hazelcroft avenue has returned from an enjoyable trip of two weeks through Florida. The trip took in points along both coasts, including Miami and Key West. While at Daytona Beach, Mrs. Nielsen saw persons who had been in swimming that had been struck by an octopus-like fish called a "man of war," which temporarily discolored the skin and left a numbness. The coast guard said those fish had been driven near shore on account of storms and disturbances in the ocean.

Carnivals Not Likely To Get Permit In City

Matter Before Council Today
On Request By City Firemen

Unless there is a change in the position taken by councilmen and Mayor Charles E. McGrath there will be no carnivals permitted here this summer. This became known today when Earl Munner, representative of the paid fire department, who wish to sponsor a carnival, appeared before the body.

A delegation of firemen met with council in an informal meeting recently, and asked that a carnival be permitted to show here this summer.

Today Councilman W. H. Dunlap submitted a motion to council that Mayor Charles E. McGrath make a recommendation to council.

The mayor declared that he is no dictator and only one of the five members of council, and added that all members of council should state their position in regard to the request.

He said that last year council stated their opposition to carnivals. He said that the firemen should be given an answer by the body.

A roll call was taken on Councilman Dunlap's motion and it passed after which the mayor said that:

"My recommendation is that I will refuse to grant a license unless the council authorizes me to grant one."

He reiterated that there are four other members of council and they should vote on the question.

Munner requested a roll call and when none was taken Mayor McGrath told Munner: "I guess you cannot get it."

During the discussion it was brought out that the Retail Merchants have stated their opposition to allowing carnivals here.

Another Crowd At Cathedral Service

"Child Wonder Of Shamokin" Assists In Revival Service Last Night

"Armageddon Tomorrow" was the subject of a powerful sermon delivered in the Cathedral auditorium on Sunday night by Evangelist C. S. Tubby, Canadian Crusader, who has been conducting an old-fashioned revival for the past five weeks for the First Pentecostal church. The revival crowds outlasted the church and so the Cathedral has been used for the past two Sunday evenings.

The crowd last night filled the sanctuary and most of the first balcony, an estimated fifteen hundred people.

Betty Kramer, "child wonder of Shamokin" helped Evangelist Tubby with the service and proved a great hit. She sang a little sermonette and sang Mrs. Gomer Emery and Mrs. Boston W. Turner, wife of the First Pentecostal minister, gave an organ-duet. A very beautiful number was sung by the interdenominational Gospel Team, and a vocal duet by Mrs. Katherine Freed and Mrs. Boston Turner followed.

At the close of the sermon, the lights in the auditorium were turned out and a beautiful beam was focused on a picture of Christ on the Cross.

Tonight and every night this week except Saturday, Evangelist Tubby will be heard in his sixth week of sermons at the Pentecostal church. The subject tonight will be "This Prigmal Word."

Lenten Class Will Be Opened At Y. W.

"Early Portraits Of Jesus" Will Be Studied Tuesday Mornings Of March

The Lenten Bible class, "Early Portraits of Jesus" led by Mrs. J. J. McVane, will begin tomorrow morning, Tuesday, March 1, at 10 o'clock in the Y. W. C. A.

This outline was prepared for the Young Woman's Christian Association of the United States by Mrs. William Rockwell as part of a world program of studies. It is hoped that its brief glimpses of the experience of groups held together by their loyalty to Christ, and facing untold and puzzling situations may bring fresh insight and power to those who today are drawn to the figure of Jesus Christ and who are sensitive to the needs of their confused and turbulent world.

Mrs. Glenn Thompson, chairman of religious education for the local Y. W. C. A., points out that the time is ripe for a re-study of the accounts of the life of the Young Teacher of Galilee who as men knew him, found himself gripped by a new life which satisfied their longing for righteousness, for fellowship with God and for goodness of man.

The same invigorating power is sought today by the members of the Y. W. C. A. in the study to be led by Mrs. McVane. The class, which will be conducted each Tuesday morning of March, is open to all women, Mrs. Thompson says.

Requests To Renew Library Books Not Necessary For Time

Pending Opening Of New Library Regular Rule On Renewals Is Waived

"If any person has books at home now from the public library, he or she need not return them until the new building is open for service," stated Miss Alice Sterling, Miss Sterling points out that many persons have been calling the library every day seeking information regarding the renewal of books.

As the library staff is now in the midst of moving, calls of this nature only hinder the swift movement of the library and do much to delay the opening date.

The telephone system has not yet been permanently installed at the new building and only one phone is in use on the main floor. This fact greatly handicaps the staff in taking care of numerous calls.

"Library books now out will be automatically renewed at the library without request, and will not be due until the library opens within a short time," is the statement made by Librarian Sterling today.

Latest Reports From News 'Sunshine Editor' Down In Southland

Latest observations in the south-land by James P. Caldwell, of The News staff, concerning the activities of New Castle and Lakeland county folks who are dodging the winter climate are given in the following:

St. Petersburg, Fla., Feb. 22. Mr. George W. Conway, City Editor News, New Castle, Pa., Dear George:

High tide in tourist traffic to St. Petersburg for this season appears to have been reached. They are still coming in but many of the new arrivals are people who have been browsing around in other parts of the state. From now on the ebb flow north will be noticeable, but it will be about April 1, before the entertainers here will begin to shed real tears.

Among late arrivals from New Castle were Mr. and Mrs. Richard Rantz. They were passing through on a trip to Miami to visit President and Mrs. Fred L. Rantz of the News Company. They called on Mrs. Caldwell and I, but unfortunately we were out, probably holding down a green bench. Would like to have seen Richard as we must have started a widows and widowers club, patterned after his bachelor club in New Castle.

Here Short Time
R. H. Chambers and T. E. Chambers of the Chambers Motor Company on Croton avenue and O. J. Shannon of the McBride and Shannon insurance company, blew in during the latter part of last week. It was the original intention of R. H. Chambers to have remained here while the other two hit the high spots in Miami, but owing to word received from New Castle, which changed their plans, they all went to Miami and will go up the East coast home.

Mr. and Mrs. George Trimble of New Castle, who have been here for a short time left last Friday for Bradenton, where they will visit relatives. Mr. Trimble tried his hand at the shuffle boards, while here and says he may introduce the sport in New Castle.

Mr. and Mrs. E. A. Rohr and C.

son Clarence, of the East Side, New Castle, came here from Miami last week and are stopping at 227, 6th Ave. South. They expect to spend some time in Jacksonville on their way home.

Mr. and Mrs. Paul Papenhause, who have been located here, have gone to Lakeland.

Fine Veterans Home

Visited the Bay Pines Veterans Home yesterday. This home is conceded to be the finest and best equipped in the south. The hospital side comprises 500 acres. The grounds are beautifully landscaped, with tropical trees, shrubs, flowers, and winding roads, which add to the natural beauty of the virgin pines among which the majestic buildings of Spanish architecture are erected.

Federal funds amounting to over one million dollars were spent on the original construction and hundreds of thousands since. A contract has just been left for an addition to cost \$416,000. The home is a veritable paradise so far as comforts and surroundings go, but I was saddened to meet the scores of maimed and battle-scarred veterans. It was a vivid reminder of the horrors of war. Nothing that the government can do will ever compensate these disabled soldiers for the sacrifice they made.

I was unable to find any Lawrence county boys at the home, although there had been one there recently. Should it ever become necessary for any of our local boys to require hospitalization, I am sure they could find no more desirable place than the Bay Pines Veterans Home.

Youth Against Age

Youth and old age were pitted against each other here Saturday when a girls' baseball club from Largo high school defeated a picked nine from the Kids and the Kubs by a score of 15 to 11.

The Kids and the Kubs are two nine-year-olds who range from 7 to 10 years of age. Both clubs have white uniforms, but are distinguished by white and blue caps. They generally play against each other twice a week, drawing crowds ranging from 500 to 6000.

The best players from each club were picked to play the Largo girls. The latter wore blue uniforms, resembling bathing suits. The girls had a southpaw pitcher, and a catcher who could throw a ball like a man.

The result was that few of the men could steal bases. The girls' opponents were winding themselves up to throw the ball.

It was a good demonstration of the agility of youth over age, although the Kids and the Kubs are remarkably supple, considering their ages. They are all of the beanstalk variety, seemingly never having had any trouble maintaining their streamline figures.

So one advantage of being a skinny man is that you can play ball after you have reached the three quarter century mark. Moral, be a thin man.

Negro Training School

Had a talk the other day with L. C. Jones, head of the Piney Woods school for colored people at Piney Woods, Mississippi. He was here with a quartet from the school, which is a disciple of Booker T. Washington, and also a graduate of the University of Iowa.

He told me that he opened his educational work at Piney Woods with one pupil on a log under a pine tree. Today the Piney Woods school has 1500 acres of land, four brick buildings and a score of

teachers. Work of the school is intensely practical. It is designed to aid poor boys and girls. The only entrance requirement is a sincere ambition to learn a trade.

In return for their work which includes brick making, farming, dairying, carpentry, cooking, baking, poultry raising, and other trades, the young Negroes receive training, and are taught to make their own money by selling their products. The pupils are now making brick for the new buildings and will do all the work on them. They raise money by sending out quarts, such as appeared here, and by ball clubs which travel around over the country.

Niagara Bridge Builder
In connection with the recent destruction of the honey-moon bridge at Niagara Falls, it is interesting to know that Walter McCulloch, assistant engineer on construction of the great span, is a winter visitor at a local hotel.

Discussing the disaster today he said the bridge was the fourth that had been constructed on the same site. The first bridge was built in 1860. It was a single track suspension affair, consisting of wooden truss on wire ropes. In 1879 this bridge was replaced by a steel structure on the same caissons, doubled and fortified with steel towers. This bridge was destroyed in a wind storm in 1889, but was rebuilt inside of a year.

In 1938 Mr. McCulloch recalls, the bridge which recently fell a victim to the ice gorge was begun. It was completed in 1899. Mr. McCulloch, who is a resident of Niagara Falls, was also an engineer on the Queens-town-Lewiston bridge, seven miles further down the gorge from the honey-moon bridge. He predicts that the new bridge for which surveys are now being made, will be gorge proof.

Rodeheaver Here
Honorable Rodeheaver, noted musical director, who with the late Billy Sunday, drove the devil out of New Castle, arrived here this week with an evangelist, for a series of meetings. He is holding forth at the original tabernacle, where he and Billy Sunday taught the tourists to walk the sawdust trail many years ago.

I am told that it is Rodeheaver's sixth appearance in St. Petersburg since the Sunday meetings were held. Since I am led to believe that tourists are hard to evangelize when they get away from home. But the collections are keeping up and Rodeheaver is not discouraged.

More anon, as they say in Clifton Flat.

State College May Become University

(International News Service)
STATE COLLEGE, Pa., Feb. 28.—Governor George H. Earle today was committed to do all possible to change the name of Pennsylvania State College to the University of Commonwealth of Pennsylvania, following inauguration of the general state authority's \$5,000,000 building program here.

"The name of the institution at present is a misnomer," he said. "This is not a state, it's a commonwealth, and this is not a college, it's a university."

The governor then suggested the president, board of trustees, faculty and student body give serious consideration to his suggestion.

Six thousand persons in recreation hall, where the symbolic ground breaking ceremonies were held, heard the governor make his proposal at the conclusion of his formal speech in which he outlined the purposes of the general state authority.

Senator Joseph P. Guiffy and President Hetzel also spoke during the ceremonies.

LAKE LUZERNE, N. Y., Feb. 28.—Believe it or not! Mrs. Ernest Smith, 49, of Bay Road, is cutting her third set of teeth in her upper jaw after wearing a plate of false teeth for ten years. Two of the teeth have made their appearance. Mrs. Smith states, and X-ray pictures indicate that the remainder of the teeth are on the way.

LONDON, Feb. 28.—Local employers of labor yelled for aspirins when they read the following extract from the Ministry of Labor Unemployment Insurance Form No. U. I. 65:

"Separate departments on the same premises are created as separate premises for this purpose, where separate branches of work which are commonly carried on as separate businesses in separate premises are carried on in separate departments on the same premises."

DALLAS, Tex., Feb. 28.—Newspaper editors give thanks for "man-bites-dog-stories" but two-year old Leray Estep of Dallas went a step further. Leray bit her dog's ear so completely that her father had to send for a veterinarian.

POWELL RIVER, Feb. 28.—A seagull which attacked a paper-making machine here was literally beaten to pulp. The bird walked into the machine room at the Powell River company plant and flew at the web carrying pulp into the paper finishing presses before machinists could stop the web.

The machines were delayed for an hour while workers picked feathers out of the presses.

BOSTON, Feb. 28.—Value of a newspaper as a first aid measure for a pain in the neck was extolled at a meeting of the Massachusetts Osteopathic Society by Dr. Perrin T. Wilson of Cambridge.

Two full sheets of four pages each, folded and doubled into a band, can be wrapped around the neck several times and secure a bandage or piece of string, providing a sufferer from neck pains with relief until he can see a physician, according to Dr. Wilson.

PORTLAND, Ore., Feb. 28.—Terrence McCarthy was glad today it was a horse and not an automobile he was "driving" while drunk. He was arrested while trying to ride a horse on a public highway.

"If you had been driving an automobile drunk, I'd give you a jolt," District Judge Mears told McCarthy, "but since you were driving a horse I'll let you off with a \$20 fine."

SALEM, Ore., Feb. 28.—If suggestions made in a letter to Secretary of State Snell are adopted, Oregon's new state capitol building will be the "doggiest" in the country.

A Jackson county resident suggested "there should be a 'rest room' for dogs in the basement" of the new capitol.

"At the present time," the man wrote, "there is no place in the capitol ground where visitors may park their dogs while they transact state business."

Making New Attempt To Save Life Of Martin Sullivan

Reprieve Saves Him From Chair

Killer Of Five Awaits Appeal On Sanity In Death House At Rockview

GOVERNOR ACTS AT ELEVENTH HOUR

ROCKVIEW PENITENTIARY, BELLEFONTE, Pa., Feb. 28.—Old Martin Sullivan, the man-murderer who killed five persons in December, 1936, in a frenzy of revenge, was reprieved by the governor today as his attorney in Pittsburgh began another last minute appeal to save him from death.

Sullivan, 34, a former policeman in Duquesne, a Pittsburgh suburb, was spared from the chair Saturday night in an action almost unprecedented in Pennsylvania history when Gov. George H. Earle granted him a last minute reprieve. The state pardon board had refused to intervene and Earle, after being informed over the telephone by Edward G. Call, Sullivan's court-appointed counsel, broke an almost unbroken rule and acted independently.

Asks Sanity Commission. Call was to present a petition in Allegheny county court at Pittsburgh asking the appointment of a sanity commission. Sullivan, meanwhile, had a new base on life until March 21.

Sullivan presented many promises to the deputies and newspapermen who accompanied him on the 165-mile ride to Rockview on Saturday. Through the darkness, before dawn he emitted terrifying, unvarying screams. Whether he was screaming from sheer exuberance at temporary freedom or because of a mental collapse was not immediately evident. But even the toughest deputies who sat unshaken by him were a bit frightened by this strange behavior. Later, Sullivan became talkative and friendly and left newspapermen at the prison gates with blessings and tears.

AROUND CITY HALL

City Electrician Rex Hughes and assistants are being kept busy these days. They are making arrangements to change over the traffic light system in Washington street between the Public Square and Croton Avenue and working on the fire

alarm system to be installed at the Union Brewery. When the Washington street light system is ready to start a formal announcement will be made. The whistle at the brewery may sound some time this week. Meanwhile linemen paid by the city are working on the new wire wherever old wire should be replaced.

Chief of Police Ralph A. Cribwell today has received instructions from the Pennsylvania state police at Harrisburg to report to that department all arrests for speeding motor vehicles more than 50 miles per hour. It is said that licenses of persons who speed in the city will be revoked. State motor police report that the new rule regarding speeding has had a big tendency to prevent accidents.

Pitt Freshman Dental Students Boast One Co-Ed

PITTSBURGH, Feb. 28.—Small, blond and pretty, Miss Ruth Schlessinger has the distinction of being the only co-ed in the freshman class at the University of Pittsburgh School of Dentistry. Miss Schlessinger, daughter of Dr. and Mrs. Henry Schlessinger of Pittsburgh, was graduated from the University of Pittsburgh last year and entered the School of Dentistry this year. Rather than follow in the footsteps of her father, a doctor of medicine, Miss Schlessinger chose dentistry because, as she says, the "work is more suited to a woman, and the hours are better for a woman."

Miss Schlessinger has very definite ideas of what she wants to be. She does not, for example, want to be merely a dental hygienist, as many women dentists are. She plans to practice preventive dentistry, and she wants to work with children.

"There are so many children, especially among the poorer classes, who, if they received proper care of teeth and gums, would have had healthy teeth. Preventative work among these children is needed."

Another volume of marriage licenses was closed on Saturday, number 500, the last in the book going to a Portersville couple. The first license in the book was issued September 24, 1937 to a couple from Youngstown, O.

The new volume is numbered 60 and was opened Saturday just before noon. Every page in the marriage license registry book is a romance of some kind or other. If one could follow the history of the people whose names appear in the 60 volumes that have been filled, every human emotion would be called into play. Love, hatred, romance, fear, tragedy, happiness, all of them would have a part.

The task of taking the paper off the walls of the office of Recorder and Recorder Orville Polster started Sunday morning and even with the live steam gadget that is used is a job. There are four layers of the heavy colored paper on the wall and these have to be steamed.

Don't Lose Pay Due To Chest Colds

Millions Use Penetro In 37 Nations To Relieve Discomforts of Chest Colds

Members of the average family lose approximately two weeks' pay each year due to colds.

Penetro is used by millions in 37 Nations to relieve local congestion—ease tightened chest muscles—loosen phlegm and relieve night coughing due to colds.

Penetro melts swiftly as it is rubbed in, making absorption easier and causing warm counter-irritant action—which increases the flow of blood in the congested area. At the same time soothing vapors of Penetro ease the irritated nasal membranes.

Hours of relaxing, much needed

through before the paper comes off. After that, there will be a job of plaster repairs to be made and then the paint.

Buck of one of the waistcoats Saturday when they started tearing off loose paper was found a candidate's card of 1917, the card being that of Attorney Robert M. White who ran for the Republican nomination for district attorney.

That was a close campaign. In the race were George W. Mose, Clifford W. Fendley, Maurice J. Kline and Mr. White and there wasn't 500 votes between the first and fourth man.

In an opinion handed down Saturday Judge W. Walter Bradham refused the appeal of J. E. Reid for a new trial on the charge of driving while intoxicated. He was convicted in the December term of criminal court.

Another opinion was handed down, this one in the estate of the late Emma Smith, who was the widow of the late Calvin Smith. In the will of Calvin Smith, he bequeathed a life interest to his widow in certain properties. The widow has died, and Wyle McGowan, executor in the estate of Calvin

Smith filed a citation to show cause why all remaining assets of the Emma Smith estate should not be turned over to the Calvin Smith estate. A demurrer was filed and it was on this the demurrer was based. The court ruled in favor of the executor and to file an answer on the merits of the petition.

Special registration days for the City of New Castle will be on April 1-2 and the place of registry will be the office of Alderman James C. Brice on Jefferson street.

For Ellwood City, March 18-19 have been set and the municipal building is the place. In each case the hours are from ten to three and from seven to ten.

Saturday morning was Decoration and Non-Support Court, sometimes known as Rolling Pin court, because Probation Officer Jack M. Dittus had only one set of records, two courts were held in court room.

Finish Strong To Take Section Toga

New Castle High Plays Great Game To Upset Steelers At Pittsburgh On Saturday Night; Eddie "Kash" Koszela And Sniezek Stars Of Game; Will Meet Dormont High Saturday At Stadium In W. P. I. A. L. Elimination Game; Make Ten Out Of Fifteen Fouls; New Castle One Of Favorites To Win Tourney; Crowd Of About 2,500 At Battle.

In another of the so-called finishes New Castle High School basketball team captured the Section Three championship Saturday night at the P. I. Stadium in Pittsburgh by taking the measure of a hard fighting Aliquippa High team 36 to 30. The sectional playoff drew about 2,500 to the arena. New Castle enters the W. P. I. A. L. tourney and will meet Dormont High on this coming Saturday.

Eddie "Kash" Koszela was the spark plug of the New Castle team in the battle, with 13 of the points. Marian Sniezek and Vic Nocera also were high pointmen. Aliquippa never led the lead at any time. New Castle played a great game. It was a game somewhat like the New Castle-Ambridge battle. New Castle started off like a house on fire. Hanshaw and Moskela led the scoring for the losers.

New Castle Takes Lead
New Castle went into a commanding lead in the first period. For a time it looked like a runaway game for the Branchburgmen. With two minutes and two seconds of the first period gone New Castle led 7 to 0. Sniezek, Koszela and Nocera made the points. Walsh put the first point for the "Quips," a foul try; Strausbaugh and Carney scored to make it 13 to 1. New Castle then took the lead 13 to 3 with a foul try. Sniezek entered the game for Aliquippa. He repeated Woodward. Aliquippa took time out. Kozela went down the side of the court when the game resumed and tallied his second field goal of the period. Moskela went to outside of the foul line and dumped in a field goal. The first period drew to a close with the count 12 to 3 in favor of the Red and Blue.

Aliquippa boys didn't seem able to hit the hoops effectively. They had plenty of shots, but they just wouldn't drop. Strausbaugh made it 13 to 3 with a foul as the second period started. Kolenda went in for Branchburg for Aliquippa. Kolenda made a foul right off the bat. Davies popped in a lone shot. Hanshaw dropped in a foul the score was 15 to 3. New Castle. Walsh made a foul for the losers and it was 15 to 8. Koszela made a foul and Carney a foul to run the count to 16 to 8. New Castle, with two and a half minutes of the period left to play, Baer replaced Walsh for the Aliquippas. Marvin went in for Strausbaugh for the New Castles.

Locals Lead At Half
Hanshaw made it 16 to 9 with a foul. He made it 18 to 11 with a one-hander shot from the side of the court. Sniezek dumped in a pair of fouls and it was 18 to 11. Hanshaw blasted in a fielder and it was 18 to 13. Koszela made two more field goals before the half ended and Hanshaw made another foul and the first half campaign was hung down at 22 to 13 in favor of New Castle.

Hanshaw made a foul and field goal for Aliquippa as the third period began, to make it 22 to 18 and the New Castle lead started to melt. Nocera went to the side of the court and dropped one in. It was

now 24 to 18. New Castle took time out and Marvin entered the game for New Castle. The New Castles sent forward three persons.

Score Tied Up
Baer, who had replaced Walsh for Aliquippa, made a field goal. Moskela made a foul shot and it was 24 to 22. Marvin made a foul. Hanshaw scored a foul, to make it 25 to 23. Branchburg made a field goal to tie the count at 25-25 as the third period ended. Aliquippa looked very good in the third period. New Castle couldn't control it. When the fourth period began Koszela went back in for Marvin. Walsh replaced Baer for Aliquippa. Branchburg made his fourth foul as the period began. He was replaced by Kolenda. Koszela made a foul to make it 26 to 25. Sniezek scored a field goal. It was now 28 to 25. Koszela made another two-point shot and it was 30 to 25. He made a foul try. Moskela made one for Aliquippa and it was 31 to 27. Strausbaugh made a foul try with the tally 31 to 27. Kolenda went to the side of the floor and made it 32 to 29 with a one-handed shot. There was just two minutes of the game left.

Make It Safe
Nocera missed a foul. Hanshaw made a foul and it was 32 to 30. There was a minute and 45 seconds of the game left. Aliquippa took time out. Walsh went back in for Baer at center. Koszela was on an four personal fouls at this point. Strausbaugh went back in. Baer replaced Kolenda for the Lippensmen. Moskela missed his foul try.

With about 45 seconds left to play New Castle dumped in two field goals to make it 36 to 30. Sniezek and Nocera had the field goals. Branchburg broke loose in the stadium as the game ended. 133 New Castle fans were wild with joy.

Buddy Baer To Battle Barklund
Bout Next Friday Night At New York May Make Or Break Buddy Baer

By LAWTON CARVER
Inter-Continental News Service Sports Writer
NEW YORK, Feb. 28.—Pronounced by most experts an outstanding contender for the world heavyweight championship, Buddy Baer, younger brother of Max Baer, former titleholder, will face the severest test of his career to date on Friday night. His opponent will be a gent named Gunnar Barklund, who comes from Finland.

This fight and one or two after it will determine just how far along the pugilist trail the younger of the Baers will travel, with the pugilistic mob standing on the sidelines, eagerly predicting that he will hit the top.

It is that he is so, the heavyweight championship eventually will be won by the brother of a former champion for the first time in the history of the manly art of scrambling visages.

Buddy Trains Down
Buddy's main concern at the moment is to keep from training down too fast. Being earnest and ambitious, he finds himself today down to 240 pounds and confronted by the task of putting on a couple of pounds before his bout with Barklund rolls around. Buddy is at his best at around 242 or 245.

As a result of his having taken off so much weight in his training to date, he is coasting along in his Lakewood, N. J., training camp and will do little more strenuous work before the battle.

The fight is unimportant as fights go, but from a standpoint of its bearing on pugilism of the future, say a year or so hence, is significant. Sam Baer always bet 50 against anything that Buddy may be champion before many more months have passed.

Pereginations in sports land...to the Boston Red Sox goes the bobby prize for making the first error of the season...they sent Johnny Marcano's contract to a rookie pitcher and put the rookie's papers in the envelope sent to Marcano...Shirley Sam Baer always bet 50 against anything that Buddy may be champion before many more months have passed.

Westminster Wins From Geneva 36-22

(Special To The News)
NEW WILMINGTON, Feb. 28.—Featured by guest basketball play from Backus and Krivosh, Westminster veterans, the Titan Blue and Whites took their thirteenth win of the season Saturday night, setting back the Geneva Covenanters, 36-22. At the half, the Westminsterers led 16-8.

Andy Demo, district leading scorer, left the game in the second half with 12 points, on four field goals and four free throws. Other Titan points were fairly well distributed among the remainder of the Blue and White team. For the Old Gold and Black, Milanovich led the scoring with 10 points.

Outside the opening minutes of play when Geneva led 3-0 and twice again when they took a 6-3 advantage over Westminster, the game belonged to Coach Washington's courtmen. Playing almost defensive ball, except for Milanovich's sneak shot, the Blue and White kept the ball outside the scoring rim.

Late in the second half, Titan substitutes entered the game free. In playing their second game of the evening, following their curfew-raiser against Pittsburgh-Norcia seminary which they won 51-22, Maitland and Stoenberg led the Titan squad scoring with 14 points each.

Only three games remain on the season schedule for the Westminster cagers: At East Palestine, Monday night, Feb. 28, and at home to Washington, March 5 and Tech, March 8.

Geneva opened the first half scoring as Milanovich took a set-up and Carson scored on a free shot, but the Titans immediately tied the count at 3-3 as Demo tossed a free shot and Patton hooked a basket.

Milanovich's charity point followed by a front-hook by Winters, again gave the Covenanters a 6-3 advantage, which the Blue and White earned up with three points from Backus' back hand hook and free throw. The Titans went into the lead as Patton took a free one and Gilliland scored on a set one in front of the backboard. Milanovich, Backus, and Demo shot foul as the play became hard and rough.

The next five minutes belonged to the Titans who climbed from a 11-7 lead to 16-7 on Backus' free throw. Patton and Miller's brilliant backboard hook. Reschle, free one and the first half session and left Patton, immediately holding a 16-9 lead as the first session ended.

To open the second frame, Demo tossed in a free one, and Carson retaliated on a rebound. Demo's side shot doubled the score and the Titans led 20-10. Milanovich went under for two points, but Krivosh took a free one. Patton shot from the side and Demo hooked one as the Titans lead increased to 25-12.

WASHINGTON, Feb. 28.—Official Washington is exceedingly shy of going on record with any expression concerning the international situation created by Dictator Hitler's recent broadcast from Berlin, his foreign minister in London, and by British Premier Neville Chamberlain's apparent acquiescence in the German-Italian-Japanese world program, whatever it may lead to.

There is no doubt, however, judging from confidential utterances by state, war and navy departmental authorities, that American governmental sympathies are with returning Minister Eden, in his view that now is the time to call the great powers' bluff, in preference to letting matters drift for the present, which obviously is Prime Minister Chamberlain's policy.

This is natural enough, America being one of the world's democratic countries, inclusive also of Britain, France and some few of the little peoples, such as Holland, Switzerland and the Scandinavian-Luxembourg, variously enough, commun-
